Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
10/19/2010	Currently faculty or staff at WMU	Schneider Hall seems to have some of the latest technology.
10/19/2010	Currently faculty or staff at WMU	The new Bernhard Center - The nre tile really makes the place look nice.
10/19/2010	Currently faculty or staff at WMU	Schneider...The layout is appealing and it is easy to find rooms.
10/19/2010	Currently faculty or staff at WMU	CHHS, beautiful new construction.
10/19/2010	Currently faculty or staff at WMU	East campus for history or Richmond Center for art
10/19/2010	Currently faculty or staff at WMU	New CHHS building. Wide open feel. Lots of windows. Art work and waterfall. Outdoor view of trees and grassy areas and even animals.
10/19/2010	Currently faculty or staff at WMU	CHHS...because it was clearly designed with a plan and the building envirnment supports the students and specific areas of study.
10/19/2010	Currently faculty or staff at WMU	CHHS--I love the light and foliage in the student commons area.
10/20/2010	Currently faculty or staff at WMU	COEI think this building was built for its needs and was done very well.
10/20/2010	Currently faculty or staff at WMU	Newer, more modern buildings -- clean, well lit.
10/20/2010	WMU graduate or former student	There are many. My answer while in school woudl have been different than now. Looking back, I am now able to see that my residence hall was the best place.
10/20/2010	Currently faculty or staff at WMU	CHHS - love the running water, parking, open atmosphere, natural lighting, etc.
10/20/2010	Currently faculty or staff at WMU	Walwood Hall. It shows how the old can be redone to be new.
10/20/2010	Currently faculty or staff at WMU	There are a few...always love Miller Auditorium. Like the new look at the Bernhard Center.
10/20/2010	Currently faculty or staff at WMU	Richmond Center - Enjoy the Art works.
10/20/2010	Currently faculty or staff at WMU	Health and Human Services
10/20/2010	Currently faculty or staff at WMU	I like the new College of Health and Human Services building because it is bright and sunny even during the dark fall/winter months. I like the Engineering and Applied Sciences building because of its surroundings with nature and it too, is bright and sunny. I think that is important in Michigan to have bright, sunny areas to keep the atmosphere in a positive light. The re-done Bernhard Center has a dark ceiling that feels like the ceiling is lowering on you instead of keeping the open, bright aspects of the other remodeling in the building.
10/20/2010	Currently faculty or staff at WMU	College of Health and Human Services building- I love the open forum with fountains, contemporary seating, lots of windows
10/20/2010	Currently faculty or staff at WMU	My favorite building is Walwood because of the architecture.

10/20/2010	Currently faculty or staff at WMU	Bernhard -- all it has to offer.
10/20/2010	Currently faculty or staff at WMU	Bernhard Center after recent remodel of student area. It looks modern and inviting, and more students seem to gather there.
10/20/2010	Currently faculty or staff at WMU	Schneider Hall - because it is where I work.
10/20/2010	Currently faculty or staff at WMU	Walwood - It's a beautiful older building that is still in use. I love the architectural style of it.
10/20/2010	Currently faculty or staff at WMU	I really like Fetzer Center and Bernhard Center (new renovations are awesome!). It seems new and clean. I haven't been in too many other buildings, but those I have seem VERY rundown and out-dated. I would be disgusted if I were a student here.
10/20/2010	Currently faculty or staff at WMU	The new Health and Human Services building is beautiful and innovative but I have a soft spot for Kohrman because I spent so much time there as a student and I now like the art facilitated there now.
10/20/2010	Currently faculty or staff at WMU	HHS, I suppose. It is open & bright. I also like Waldo Library- I like books (still) and is also open in its own way.
10/20/2010	Currently faculty or staff at WMU	College of Engineering. Beautiful and functional.
10/20/2010	Currently faculty or staff at WMU	RCVA; very creative design

10/21/2010	Currently faculty or staff at WMU	CHHS - It's very pretty with the windows and just seems warm inside.
10/21/2010	Currently faculty or staff at WMU	The CHHS building has the best lay out and ease to locate the different areas of the building.
10/21/2010	WMU retiree or emeritus	The Richmond Center and reno to kohrman: excellent design and makes a strong statement. Great example of adaptive reuse. Also The CHHS....it fits the context
10/21/2010	Currently faculty or staff at WMU	The Oaklands. Old and stately.

10/21/2010	Currently faculty or staff at WMU	CHHS building. Very warm and welcoming interior. Nice views to the outside. Beautiful building at night. 2nd favorite is Miller -- I always experience a sense of anticipation that something wonderful is about to happen.
10/21/2010	Currently faculty or staff at WMU	HHS, because it's new and I love the water feature.
10/21/2010	Currently faculty or staff at WMU	Bernhard, food.

10/21/2010	Currently faculty or staff at WMU	Bernhard Center. The remodeling is very nice.
10/21/2010	Currently faculty or staff at WMU	I love CHHS. You've got a birdseye view of campus.
10/21/2010	Currently a student at WMU	My favorite building on campus is East Hall. On west campus, my favorite building is Brown Hall. It is very modern and comfortable.
10/21/2010	Currently faculty or staff at WMU	waldo library, it has it all.
10/21/2010	Currently faculty or staff at WMU	Walwood, good adaptive reuse and attractive building in an attractive setting
10/21/2010	Currently faculty or staff at WMU	Waldo Library - nice spacious interior and cozy feel! The campus would never be the same without it.
10/21/2010	Currently faculty or staff at WMU	East Hall. It is an amazing building - majestic and fun to sit on the portico and see Kalamazoo. Loved the natural woodwork in the old high school until they painted it all white after all the time it survived. That was heartbreaking to see.
10/21/2010	Currently faculty or staff at WMU	East Hall-- sense of history for the University, classic architecture
10/21/2010	Currently a student at WMU	The library, it's a comfortable environment.
10/21/2010	Currently faculty or staff at WMU	College of Health and Human Services--It's open and allows study without sitting on top of individuals. However, needs more food vending at more times and more outlets.
10/22/2010	Currently a student at WMU	The library. Its so vast and its a place of learning.
10/22/2010	Currently faculty or staff at WMU	Bernhard Center.....good meeting place for studends and staff

10/22/2010	Currently faculty or staff at WMU	The main library. I work there. It has books and computer access.
10/22/2010	Currently faculty or staff at WMU	The library--not for its architecture, but for its overall atmosphere inside.

Question #8**

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
10/22/2010	Currently faculty or staff at WMU	I prefer the more traditional architecture and brick building structures. Walwood is beautiful. The newly renovated Brown Hall is very nice with much more space and flexibility in how the spaces can be utilized. The College of Health and Human Services is outstanding, and I think is our best newer generation buildings.
10/22/2010	Currently faculty or staff at WMU	Oaklands...warm, cozy, represents 'traditional Western'Library/Clock Tower/Sprau Tower...the look, openness
10/22/2010	Currently faculty or staff at WMU	I like the library, it is where I work and I feel comfortable there.
10/22/2010	Currently faculty or staff at WMU	don't have one
10/22/2010	Currently faculty or staff at WMU	Waldo. It is the library, a place to do research (which I too seldom get to do in my job).
10/22/2010	Currently faculty or staff at WMU	Little Theater - nicely renovated & good purpose
10/22/2010	Currently faculty or staff at WMU	Bernhard Center. Food court, fresh renovations, book store. Cool.
10/22/2010	Currently faculty or staff at WMU	Waldo Library - an atmosphere of learning. Bernhard Center - eat and shop! East Hall - historic.
10/22/2010	Currently faculty or staff at WMU	Bernard Center - it's the center for eating, resting, studying, buying Bronco wear--it's the center!
10/22/2010	Currently faculty or staff at WMU	Richmond Center. It is pleasing and designed according to its purpose.
10/22/2010	Currently a student at WMU	Don't have a favorite.
10/22/2010	Currently a student at WMU	CHHS. I like the amount of light it allows into the building.
10/23/2010	Currently faculty or staff at WMU	East Hall and all the other buildings on East Campus because even though this area, especially the four historic buildings of Western have been seriously neglected by the University, they are graceful and have more character than any other building on campus.
10/24/2010	Currently a student at WMU	I like South Kohrman. I'm an art student and the facilities at the Frostic School of Art are great.
10/25/2010	Currently faculty or staff at WMU	The library has a lot of windows and very good and solid furniture.
10/26/2010	Currently faculty or staff at WMU	Dalton Center, because it's my home! :-)
10/26/2010	Currently a student at WMU	Brown, new and nice
10/27/2010	Currently faculty or staff at WMU	SRC; I move for a living, so that's my source of joy.
10/27/2010	Currently faculty or staff at WMU	CHHS: Very open internally. Great views!
10/28/2010	Currently faculty or staff at WMU	Health and Human Services building. You're indoor but the surroundings make you feel as you are outside.

Question #8**

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
10/28/2010	Currently faculty or staff at WMU	Schneider. It is far less rundown than others. It is becoming decrepit, though.
11/2/2010	Currently faculty or staff at WMU	Wood Hall. Nostalgia from my younger days.
11/3/2010	Currently faculty or staff at WMU	The Bernhard Center. It has something for everyone.
11/3/2010	Currently faculty or staff at WMU	East Hall. Because it is the first campus building.
11/4/2010	Currently faculty or staff at WMU	Engineering Building. It is beautiful, out in the middle of nowhere surrounded by wetlands and other interesting, undeveloped land.
11/4/2010	Currently a student at WMU	Chemistry Building, it is new, LEED certified and really nice
11/4/2010	WMU graduate or former student	University Arena
11/4/2010	Currently faculty or staff at WMU	North Hall/Vandercook Hall, despite the lack of attention and dilapidated state because they have character. The atrium of the College of Health and Human Services is very nice. Schneider Hall is also well-designed/user-friendly
11/4/2010	Interested / Want to contribute	East Hall because it is easily the most attractive, historically, and architecturally significant building on campus--and for its dominant view over Kalamazoo.
11/4/2010	Currently faculty or staff at WMU	Vandercook Hall and East Hall, I like the older buildings. The newer ones don't have as nice of architecture and there's not as much history behind them. I just wish that they were actually used and kept up more.
11/4/2010	Currently a student at WMU	I like Brown the best because it's new and up date and near a cafe.
11/4/2010	Currently a student at WMU	health and human services building. i have only been there once but it a refreshing atmosphere compared to most buildings on campus.
11/4/2010	Currently faculty or staff at WMU	HHS--makes me smile when I walk inside. Great design meant to harmonize with the surrounding buildings.
11/4/2010	WMU graduate or former student	The buildings of East Campus, because they have the timeless character that says this is a place of higher learning unlike many of the buildings of the West Campus that appear dated and say this is left over from 1960/70 and it has neither form nor function .
11/5/2010	Currently faculty or staff at WMU	Frostic Art Building; Waldo LibraryShows a little more creativity in the design.Buildings like the College of Health and Human servicesare beautiful on the inside; but somewhat nondescriptfrom the outside -- missed opportunity from a design standpoint
11/5/2010	Currently faculty or staff at WMU	dont have occasion to be on east campus much, but love the older buildings
11/5/2010	Currently a student at WMU	My favorite building is probably the Bernhard Center. It's like the center of campus. It's where I can go when I need practically anything. I can study there, eat, get books/supplies, or even take a nap!

Question #8**

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
11/5/2010	Currently a student at WMU	Knauss - seems comforting and the brick makes it feel homey
11/5/2010	Currently a student at WMU	chem building because it is new a very well maitained
11/6/2010	Currently a student at WMU	I dont' have a favorite, I'm indifferent to all.
11/7/2010	Currently faculty or staff at WMU	H&HS
11/7/2010	Currently a student at WMU	Chemistry Building. I like it because it has a nice look and seems 'open'; it feels like it connects well with the outside. This is due in part to the extensive amount of windows.
11/8/2010	WMU graduate or former student	Chem Building/Business college. Clean, modern, and up to date. Doesn't feel like an old highschool classroom.
11/8/2010	Currently faculty or staff at WMU	Outside - Chemistry bldg - lineal lines of the structure Inside - Health & Human Services Atrium - it is so inviting and relaxing
11/8/2010	Currently a student at WMU	College of Health and Human Services. Lots of open spaces, great views, very intelligent layout and design
11/8/2010	Currently a student at WMU	Engineering Campus because it is modern, has innovative technology, a variety of social areas for studying with others, and convenient parking garages.
11/8/2010	Currently a student at WMU	Brown Hall
11/8/2010	Currently a student at WMU	I really like the College of Health and Human Services; it has a very open feel with lots of windows and lots of greenery. The natural lighting in CHHS really makes the building feel cozy and homey . The stone work on the main stairwell is also very attractive. Very appealing architectural work.
		<p>Again, there's really only one or two options for this answer. The only visually appealing buildings on campus are the SRC, the Chem. Building, and The Richmond Center. WMU unfortunately had its growth spurt in the 50s, 60s and 70s, which was an architectural dark-age. Seriously. It's like the planners thought it would be a good idea to just make buildings as quickly and cheaply as possible, without thinking that these buildings are going to be around for the next 50-100 years. I know hindsight is 20/20, but jeez did they screw up. The renovations to the Bernhard Center look great inside, but I really think the exterior of it needs to be re-done. If WMU officials want it to be the union of campus, it should look like one. I don't really know what the look of the BHC screams, but it sure as heck isn't HIGHER EDUCATION. Again, I understand it was built in the late fifties, but it's not a good look. Buildings that were designed to survive a nuclear fallout generally don't look too good. One of the main things students complain about is how ugly the buildings on main campus are, or a</p>

Question #8**

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
11/9/2010	Currently a student at WMU	One of the main things students complain about is how ugly the buildings on main campus are, or at least that's what I hear most. I would have to say that my favorite building is the Chem Building since it's modern and has excellent facilities, but that's mainly because I don't ever go to East Campus for the CHHS.
11/9/2010	Currently faculty or staff at WMU	I really like old East Campus and I wish we could do something there to bring it back to life. CHHS is a beautiful building. All the new buildings are very interesting and different than the older buildings.
11/9/2010	Currently faculty or staff at WMU	Seibert because it is so modern and welcoming.
11/9/2010	Currently faculty or staff at WMU	College of Health and Human Services--feels like you are not in a academic building
11/9/2010	Currently faculty or staff at WMU	Bernhard - all it has to offer.
11/9/2010	Currently faculty or staff at WMU	Inside Waldo Library. I like the clean modern lines. The building doesn't look worn out from overuse through the years.
11/9/2010	Currently faculty or staff at WMU	The Oaklands. The structure is prominently positioned, handsome, self-assured, and well landscaped. Second favorite is East Hall.
11/9/2010	Currently faculty or staff at WMU	Wood Hall -- open and bright
11/9/2010	Currently faculty or staff at WMU	East Hall, because it is historic and beautiful
11/9/2010	Currently faculty or staff at WMU	RCVA - great architecture inside and outand Walwood for the same reasons
11/9/2010	Currently faculty or staff at WMU	My favorite building is Miller Auditorium as it's always well maintained and have been to many wonderful events there so it gives me great memories!
11/9/2010	Currently faculty or staff at WMU	Brown Hall - nice facilities-color choices, lighting, furniture, spacious, technologically well equipped.
11/9/2010	Currently faculty or staff at WMU	Waldo Library, because it is where I work.
11/9/2010	WMU graduate or former student	Schneider Hall. It is clean and attractive inside and out. The front lobby has an inviting and appealing student area. Unlike some buildings where you are greeted by huge recycle and garbage bins as soon as you walk in. Schneider also has the advantage of being located next to a wooded area which gives it a serene back drop out the windows.
11/9/2010	Currently faculty or staff at WMU	BC, I know my way around.
11/9/2010	Currently faculty or staff at WMU	Health and Human Services. I like the open spaces and integration with light and nature (i.e. plants).
11/9/2010	Currently faculty or staff at WMU	chem building- bright, nice colors, mural

Question #8**

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
11/9/2010	WMU retiree or emeritus	Sneider Hall. Layout and spaces are comfortable, Exterior is attractive, inviting and not intimidating, next to natural area/open spaces.
11/9/2010	Currently faculty or staff at WMU	Walwood is beautiful and full of memories. However, I understand the university updated it as cheaply as possible so it is falling apart again. Business as usual at WMU.
11/9/2010	Currently faculty or staff at WMU	I like how modern and new the Engineering campus is even though I don't spend much time there.
11/9/2010	Currently faculty or staff at WMU	The building on east campus formerly know as University High.
11/9/2010	Currently faculty or staff at WMU	Library and Computing Center. Center of thought.
11/9/2010	Currently faculty or staff at WMU	Health and Human Services Building because of it's design and location on East Campus.
11/9/2010	Currently faculty or staff at WMU	The renovation of bernhard
11/9/2010	Currently faculty or staff at WMU	East campus buildings.
11/9/2010	Currently faculty or staff at WMU	New chemistry building. Beautiful facility, great natural light. Second favorite is the Engineering college. 3rd is HHS.
11/9/2010	Currently faculty or staff at WMU	Waldo Library, most public on campus because it is for all majors and researchers. It is open and has lots of spaces for studying, eating lunch, team meetings and computers for work. It has many 'sides' for different needs: street side for commuter access, fountain seating area for a respite between classes, trees picnic table side for quiet shady side and parking lot side for staff access and deliveries. It needs to be more accessible to the public and those who need to drive. A learning commons and 24 hour access would be an even better for students and the community as how we learn is changing
11/9/2010	Campus Neighbor / Live in Arcadia, W. Main, Vine, etc.	Schneider Hall. It's modern, open and airy.
11/9/2010	Currently faculty or staff at WMU	New chemistry building - light and airy
11/9/2010	Currently faculty or staff at WMU	Richmond Center for Visual Arts. There is always something visually enticing.
11/9/2010	Currently faculty or staff at WMU	Oaklands--historical significance; I also really enjoy East campus for the same reason. Otherwise WMU feels like it was founded in the 1960s.
11/9/2010	Currently faculty or staff at WMU	Don't really have a favorite. I like the look of LHC, Parkview and CHHS. They balance aetics, public spaces and learning.
11/9/2010	Currently faculty or staff at WMU	Library - like books, atmosphere
11/9/2010	Currently faculty or staff at WMU	I like the older brick buildings mostly like those found on east campus. I do like the HHS building because of the common areas.

11/9/2010	Currently faculty or staff at WMU	East Hall
11/9/2010	Currently faculty or staff at WMU	East hall has the most interesting interior spaces. It is a shame that the building is in such a state of disrepair.
11/9/2010	Currently faculty or staff at WMU	Bernhard Center. It's got it all.
11/9/2010	Currently faculty or staff at WMU	Brown Hall is nice. The inside is modern without being overdone, and the computer labs are really great.
11/9/2010	Currently faculty or staff at WMU	The library, the Bernhard Center renovations, the view from Sprau Tower, 10th floor, CHHS atrium.
11/9/2010	Currently faculty or staff at WMU	Chemistry building. New fresh look
11/9/2010	Currently faculty or staff at WMU	chhs building. warm, sunny, green plants, open, welcoming, relaxing.
11/9/2010	Currently faculty or staff at WMU	Richmond Art Center - newer and interesting art displayed
11/9/2010	Currently faculty or staff at WMU	Richmond center - all the glass, it is very bright and open
11/9/2010	Currently faculty or staff at WMU	I love East Hall because of the traditon and heritage.I like the College of Health & Human Services because of the natural light.
11/9/2010	WMU retiree or emeritus	College of Engineering-rural site, prairie grounds, parking is hidden behind structure with good shielding, non-standard architectural finishes inside, balance of closed and open interiors
11/9/2010	Currently faculty or staff at WMU	Waldo Library. It's quiet, elegant, spacious.
11/9/2010	Currently faculty or staff at WMU	Walwood Hall, East Campus. I love the old Ivy School look of East Hall, and the view over the Kalamazoo valley is spectacular.
11/9/2010	Currently faculty or staff at WMU	LIBRARY - LOOKS REALLY NICE
11/9/2010	Currently faculty or staff at WMU	HHS--Beauty and function and green all at the same time.
11/9/2010	Currently faculty or staff at WMU	The art department.
11/9/2010	Currently faculty or staff at WMU	Health & Human Services building, the combination of nature & space
11/9/2010	WMU retiree or emeritus	Richmond Center for the Arts and it's connection to the studios in the Kohrman. I like the easy access to exhibitions and student at work.
11/9/2010	Currently faculty or staff at WMU	I don't really have one. We have what you could call institutional architecture on campus. Of course that is the curse of state institutions. We get a taste of whatever the current architectural style is at the time. But nothing really interesting. We get the simplest metal clad building possible with just the hint of shape to the walls. I am waiting for the building with the spaced wooden or metal strips covering the exterior that seem to be all the rage right now.

Date Started	Please give us a little information about yourself.	<b>What is your favorite building on campus, and why do you like it?</b>
11/9/2010	Currently faculty or staff at WMU	RCVA where I teach, am most familiar with, the building works pretty well.
11/9/2010	Currently faculty or staff at WMU	Richmond Center, it's very modern and is filled with art!
11/9/2010	Currently faculty or staff at WMU	east hall or hhs.
11/9/2010	Currently faculty or staff at WMU	Waldo. Work space
11/9/2010	Currently faculty or staff at WMU	Walwood, the Oaklands, Montague House because of the architecture and materials. I like Kohrman Hall because some of the offices are larger than a closet. The new buildings on campus have closet-size offices forcing faculty to work at home. I realize these offices are in accordance with state rules, so I guess neither the state nor the administration wants faculty to do research that requires physical space. Many faculty do not have labs or research offices in addition to their offices and so must accommodate their work to fit their small offices or work at home.
11/9/2010	Currently faculty or staff at WMU	Health & Human Services
11/9/2010	Currently faculty or staff at WMU	CHHS...well suited for the programs it houses; the plan appears to have been well thought out.
11/9/2010	Currently faculty or staff at WMU	Haworth exterior - low, calm, Japanese style
11/9/2010	Currently faculty or staff at WMU	CHHS open spaces, green areas, water feature, natural materials, well cared for, clean.
11/9/2010	Currently faculty or staff at WMU	Theatre! - LOVE the atrium
11/9/2010	Currently a student at WMU	East Hall, because it is a symbol of Westerns historical past.

As it is now the fee to rent the pool is astronomical and it is hard for teams that represent us to get the practice that they need to be competitive.
